In this evidence, I would like to show my current progress after Week 3 & ongoing Week 4 of Project 2 - Greenhouse Management.

As you can see in Figure 1, I had made a list of things I needed to do towards the completion of this project. For Week 3 & 4, I was able to finish most of the tasks as showin in Figure 2. I finished the Validation and Verification Document and had it uploaded in my Portfolio in Canvas.

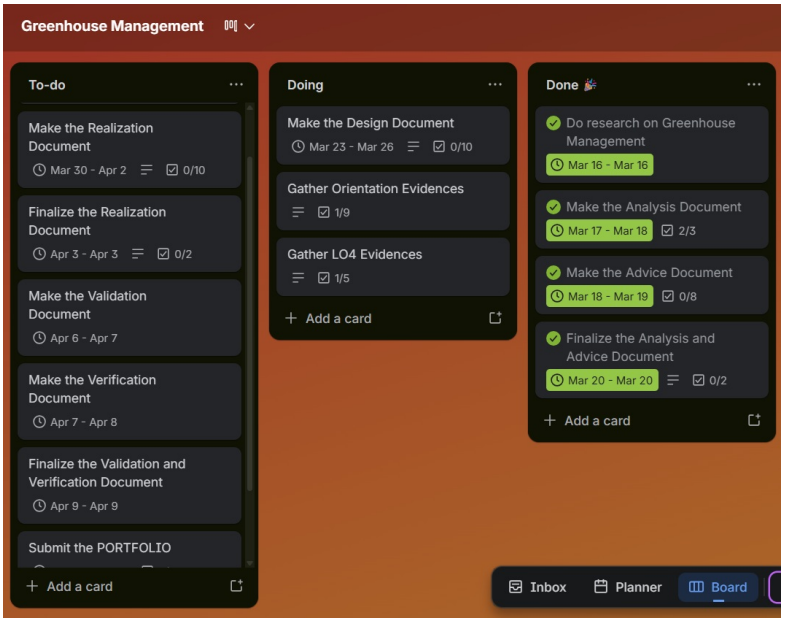

Figure 1: Project 2 — To-Do-List (Trello)

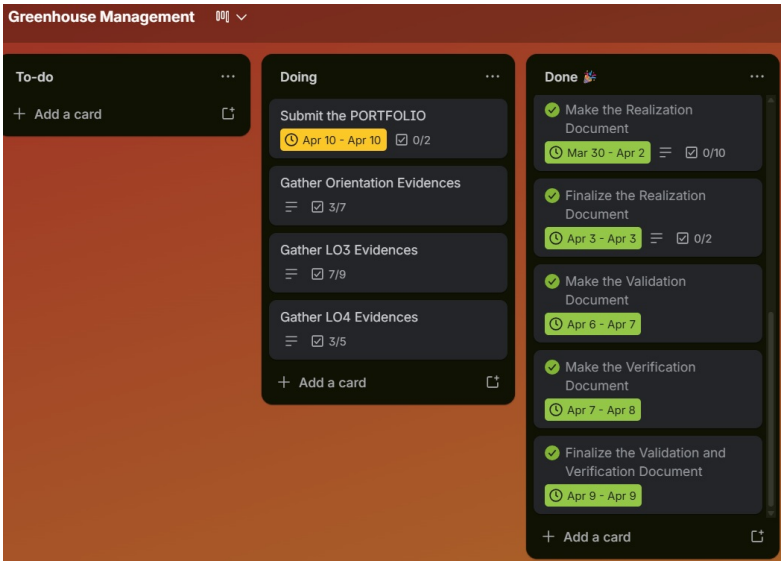

Figure 2: Project 2 — Week 3&4 Progress (Trello)

I was also able to gather LO1, LO3, and LO4 evidences in between. I made a checklist as seen in Figure 2, and was able to tick some of them. You can find the evidences uploaded in my Portfolio. Hopefully, I will be able to finish all of them by end of day today.
